

Peace of Mind 14 pt Inspection Program

Our trained technicians will perform a 14-Point Checklist© inspection of each of the ductless system's components to ensure that it keeps running smoothly year after year.

During each visit, our technician will do the following:

Outdoor Unit

- 4 Unit condition checks
- 2 Refrigerant line checks
- 8 Electrical checks

Each Indoor Unit

- 2 Unit condition checks
- 3 Refrigerant line checks
- 6 Electrical checks
- 2 Temperature checks
- 1 Drain line check
